About Diwa

 [diwalearningssystemspw](https://www.facebook.com/diwalearningssystemspw)

 www.diwa.ph

We are Diwa Learning Systems Inc., the leading provider of print and digital K-to-12 educational resources in the Philippines.

Inspired by our goal to give education the attention it deserves, we help teachers to accomplish their mission of nation-building; students to become active contributors to the country's progress; and schools to create a teaching and learning environment that defies any boundaries.

We are Diwa. We make teaching and learning possible all the time, everywhere.

DIWA 5G

Reimagine and transform today's teaching and learning spaces with our leading-edge innovative suite of educational resources!

Diwa 5G Textbooks

Make teaching and learning more fun and engaging with **Diwa 5G Textbooks**, made even better with its breakthrough interactive digital format, design thinking learning approach, additional online content, and specialized resource materials for flexible learning.

Diwa 5G Magazines: Supplemental Educational Magazines

Provide students with additional knowledge with **Supplemental Educational Magazines** that offer an abundance of interactive, thematic, and high-interest content to support your curriculum and instructional requirements.

Diwa 5G Systems: Genyo e-Learning

Embrace next level education with **Genyo e-Learning**, an integrated e-learning platform that takes instruction and assessment to the next level with rich curriculum-based content, a responsive support system, and a dynamic implementation program.

Diwa 5G Assessment: Checkbox

Redefine student learning with **Checkbox**, an adaptive online assessment portal that features a vast collection of gamified drills and activities in five major subject areas—all aligned with the K-to-12 curriculum.

Education. Evolved.

What is Diwa 5G?

Diwa 5G is an innovative suite of educational resources that provides rich learning experiences for students, inspires creativity in educators, and amplifies the power of schools to change lives.

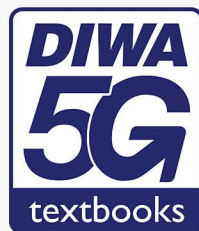

Diwa 5G: A Cut Above the Rest

We at Diwa take pride in our innovative educational resources that are designed to create a more inclusive, cohesive, and productive teaching and learning environment.

ENGAGING	FLEXIBLE	ACCESSIBLE	ENRICHING	RELEVANT
They present concepts using various interactive content, augmented reality, and gamification to make a richer teaching and learning experience.	They are designed to be used in various teaching and learning scenarios: classroom, distance, or blended learning.	They are available in print and digital format, for online and offline teaching and learning.	They are complemented with professional and personal development programs for educators and learners.	They are aligned with the Department of Education's curriculum, compliant with quality standards, and appropriate to the Philippine context.

DIWA 5G

Discover a world of limitless possibilities with Diwa 5G Educational Resources!

Authored by education specialists and refined through active research, Diwa 5G Textbooks provide teachers and learners with a clear roadmap for grade- and subject-specific knowledge goals. These textbooks are designed to provide clarity on key concepts and core ideas through their structured content, enhanced interactive features, and add-on resources.

[LEARN MORE](#)

With enhanced accessibility and enriched interactivity, these educational magazines contain various topics and lessons that are delivered in manageable segments and inspire learners to develop new ideas and conduct profound investigations.

[LEARN MORE](#)

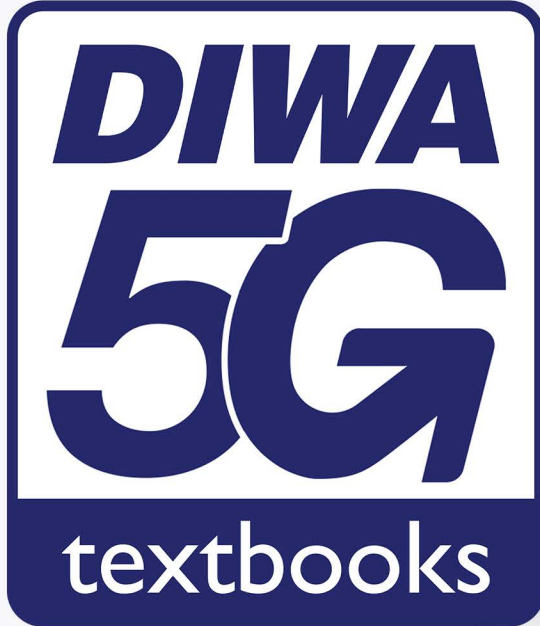

Influenced by industry updates, waves of technological changes, and shifts in mindset and acceptance, Genyo e-Learning comes with a plethora of interactive multimedia content, collaboration tools, and a robust support service tailored to meet the ever-changing needs and demands of the education system and its stakeholders.

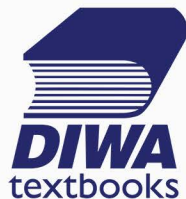

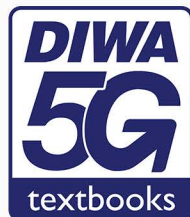

[LEARN MORE](#)

To ensure the integrity of learning continuity, Diwa's online gamified assessment portal (Checkbox) paves the way for a productive exchange of instructional feedback between teachers and students, made possible by the ready-made and customized drills and activities found in the platform.

[LEARN MORE](#)

The COVID-19 pandemic has challenged conventional principles and practices on teaching and learning. While many schools are moving towards the adoption of digital learning tools and platforms, it is just as important that they be supported by next-generation textbooks that provide a roadmap for grade and subject-specific knowledge attainments.

Staying true to our brand promise of innovation in education, we have revolutionized our textbooks to make them more appropriate to the current context and the different learning styles of students.

With improved linguistic and thematic content, these textbooks contain a clear and consistent unit structure that will guide educators in learning delivery, regardless of the adopted modality.

Diwa 5G Checklist

✓ ENGAGING

- To make learning more fun and engaging for students, we have introduced our **Interactive Digital Textbooks**, which are electronic versions of our Diwa Textbooks with additional features.
- Each learning material is broken down into **digestible, easy-to-browse modules** that incorporate visual elements. Each module also includes up to **ten (10) interactive and gamified quizzes** to help teachers assess their learners' progress.
- Teachers and students can **access additional learning materials and activities found in Diwa Learning Town** (www.diwalearningtown.com), a digital resource portal that contains educational resources in different subject areas.

✓ FLEXIBLE

- **For Classroom and Remote Learning:** Diwa Textbooks provide educators with a detailed and chronological sequence of teaching procedures that he/she may implement in delivering lectures and assigning activities.
- Diwa 5G Textbooks are ideal choices for online and modular distance learning.
 - 1. For Online Distance Learning:** Teachers can assign to his/her students the activities found inside the textbook during asynchronous learning sessions.
 - 2. For Modular Distance Learning:** Diwa 5G Textbooks can be used as primary resource materials for students during modular distance learning.

✓ ACCESSIBLE

- Aside from its printed copies, Diwa 5G Textbooks are **available in downloadable eBook format** which can be used by teachers and students for offline viewing.
- Digital and interactive versions of Diwa 5G Textbooks **can be accessed through Genyo e-Learning** (www.genyo.com.ph).

✓ ENRICHING

- To help educators align their teaching style with the changing times, we conduct **textbook utility seminars all-year-round** to help them determine the best ways and practices to maximize Diwa 5G Textbooks in learning delivery. These trainings are **conducted by textbook authors and subject matter experts**.

✓ RELEVANT

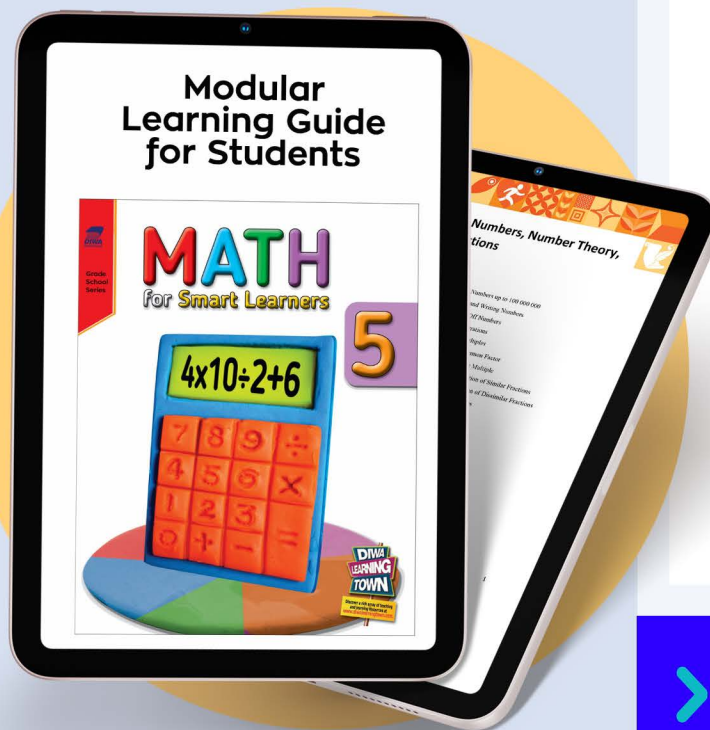

- To encourage innovative thinking and creative problem-solving in teachers and students, we have introduced the concept of **design thinking as a learning approach** by integrating it into the lessons and activities found inside the **new titles of Diwa 5G Textbooks**.
- Each textbook **comes with an enriched and detailed Teacher's Manual** that encourages the use of varied, evidence-based pedagogical strategies.
- The **Diwa Learning Standards and Competency Matrix** is available as a reference that shows what specific content and performance standards or learning competencies from the K-to-12 Curriculum Guide are present in the textbook or teacher's manual.
- Diwa 5G Textbooks for six (6) subject areas (Science, Mathematics, English, Filipino, Araling Panlipunan, and MAPEH) include the following specialized resource materials for flexible learning:
 - **Teacher's Guide: A Modular Approach to Flexible Learning Delivery**
 - **Modular Learning Guide for Students**

SPECIALIZED RESOURCE MATERIALS FOR DIWA 5G TEXTBOOKS

Experience the best of online and offline distance learning with specialized resource materials for Diwa 5G Textbooks!

The COVID-19 pandemic has compelled schools across the country to use flexible learning delivery approaches as a means to secure the sustainability of delivering quality education to learners.

As the public health crisis continues, we have prepared specialized resource materials for online and offline distance learning that complement the use of Diwa 5G Textbooks. These are available in digital format and can be enjoyed by our textbook subscribers for [FREE](#).

Teacher's Guide: A Modular Approach to Flexible Learning Delivery

It is a narrative matrix that divides the curriculum of a certain subject into small discrete modules as prescribed by the Department of Education's Most Essential Learning Competencies (MELC).

- Provides relevant teaching instructions and student assessments for two (2) teaching approaches: for online learning delivery and self-directed offline learning delivery
- Includes a detailed learning workflow for synchronous and asynchronous sessions with prescribed time allotment, allowing teachers and students to begin and end every grading period on time
- Contains an additional section to help parents and guardians in home-based education

Modular Learning Guide for Students

It is a compilation of worksheets that allow students to become independent learners through drills and exercises focused on the application of knowledge and insights acquired in synchronous and asynchronous learning sessions.

- Houses a handful of assessment activities that students can answer on their own
- Can be used by teachers as primary resource material in evaluating learners' progress

Available for grade school and junior high school Diwa 5G Textbook titles in Science, Mathematics, English, Filipino, Araling Panlipunan, and MAPEH for S.Y. 2022-2023

DIWA 5G TEXTBOOKS

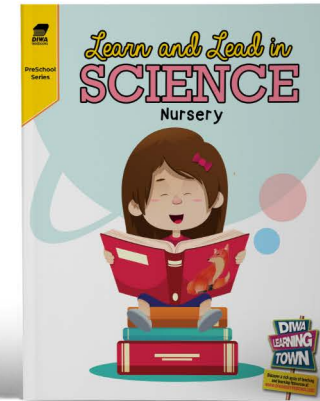

PRESCHOOL

LEARN AND LEAD SERIES

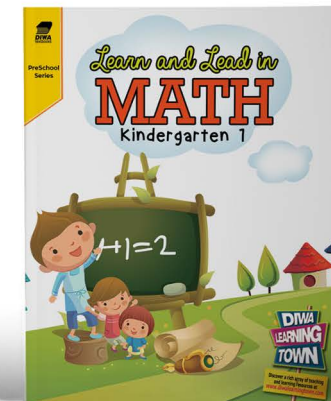

Textbooks are a crucial part of every child's learning journey.

Next to an efficient and skilled teacher, using well-designed textbooks is one effective way to improve instructional outcomes. Provide young learners an opportunity to expand their worlds and connect to other people with this preschool textbooks series that combines the subject area-based curriculum structure with the integrated thematic approach.

DIWA 5G magazines

- + Interactive quizzes
- + Additional featured videos embedded in its digital pages
- + Augmented Reality (AR) content and platform

Finding ways to make classroom and remote learning fun is a constant challenge for teachers. Educational magazines are useful supplementary tools that can help educators accomplish this goal.

Diwa's Supplemental Educational Magazines (SEMs) are learning tools that are as informative as textbooks but are more appealing and less intimidating to students because of their format.

What makes SEMs effective tools for instruction is its capability to deliver manageable chunks of information that leads to higher retention. They provide students and teachers with segmented background knowledge on certain topics and information that are accessible and easy to absorb and learn.

Diwa 5G Checklist

✓ ENGAGING

- We have integrated up to **two (2) interactive quizzes** that come in three types: true or false, multiple choice, and single choice in the digital version of our SEMs.

[Click here to view sample interactive quiz](#)

- We also added **two (2) featured videos in our digital magazines** to make the lessons more concrete and visual for students.

[Click here to view sample featured video](#)

- For the printed copies, we have introduced augmented reality (AR) to the junior high school level of Bato Balani for Science and Technology magazine through **Diwa SPARK**, a mobile application that can be downloaded in Google Play Store.

✓ FLEXIBLE

- **For Classroom and Remote Learning:** Teachers can integrate into their lesson plan the articles and activities found in SEMs. It can help them save time in researching to be able to design effective learning experiences.

- SEMs are perfect for remote learning.

1. Teachers can assign to his/her students the activities found in the magazine during asynchronous learning sessions.

2. Students may refer to the different sections of the magazines and use them as additional references for their assignments and other requirements.

✓ ACCESSIBLE

- SEMs are **available in both print and digital formats**, the latter of which can be accessed via Genyo e-Learning and Diwa Learning Town.

- Schools subscribed to the print version of SEMs are given **FREE ACCESS to the digital versions of the magazines** they ordered.

✓ ENRICHING

- To make teachers aware of strategies to maximize SEMs in learning delivery, we organize **regular utility trainings** with educators throughout the school year.

- To recognize the creativity and ingenuity of Filipino junior high school students in the fields of Science, Technology, Engineering, and Mathematics (STEM), we conduct the annual **Bato Balani Search for the Best Science Investigatory Project**—a program by our premier science magazine, Bato Balani for Science and Technology.

✓ RELEVANT

- SEMs inspire students to develop a love for reading and learning by offering them **short, age-appropriate, localized, and informative articles and activities**.
- Each magazine comes with a **Teacher's Guide and Editorial Content**.
- Topics presented in these magazines are **compliant with the Department of Education's Most Essential Learning Competencies (MELC)**.

SENIOR HIGH SCHOOL

Bato Balani for Science and Technology

As learners grow up in an increasingly technologically and scientifically advanced world, this premier Supplemental Educational Magazine will enable them to discover many ways of how science and technology can aid better causes in their community and the world as a whole.

Key Features:

- Two (2) issues per year (distributed per semester)
- Available in both print and digital formats
- 32 printed pages plus additional 16 pages that can be accessed at www.diwalearningtown.com

As it is likely that some form of flexible learning will continue in the coming years, both teachers and students need to prepare for what lies ahead.

That's why as Genyo e-Learning celebrates its 15th year as the most trusted learning management system in the country, we would like to reaffirm our commitment to helping our partner schools progress in the era of next level education.

We do this by continuously offering above-quality and reliable educational resources, reimagining teaching and learning environments, providing opportunities for collaboration, and propagating a culture of innovation and adaptability.

Diwa 5G Checklist

✓ ENGAGING

- It comes with **curriculum-based interactive content for English, Science, Mathematics, Filipino, and Araling Panlipunan** which can be used for synchronous and asynchronous learning sessions.
- Teachers can use the **ready-made resources** found in Genyo e-Learning to support their lesson plans, thus saving them time in preparing materials for lectures and discussions.
[Click here to view sample video lesson](#)
- Genyo e-Learning contains the following **collaboration tools** that teachers can use to assess and monitor student performance.
 1. Survey
 2. Blog
 3. Forum
 4. Announcement Board
 5. Message Board
- Students are given **access to additional resources** such as the digital format of Piling Akda titles and some literary classics.
- The platform also provides students opportunities to explore the world through Diwa Virtual Field Trips, a collection of virtual tours both local and overseas.

✓ FLEXIBLE

- **For Classroom Learning:** Students can answer quizzes and activities, lesson packages, and drills whenever classes are conducted inside the computer laboratory.
[Click here to access sample activity](#)
- **For Remote Learning:**
 1. The learning management system allows teachers to design new and authentic learning opportunities that bring out students' creativity, and recreates physical learning experiences.
 2. Students can learn safely at home by accessing lessons, activities, and electronic tests assigned by their teachers.
 3. Students **can access Genyo e-Learning on any device**—whether it's a desktop, laptop, tablet, or mobile phone.
 4. The platform enables students to submit their assignments and other requirements online.

✓ ACCESSIBLE

Genyo e-Learning comes in two versions:

- **Genyo e-Learning online**, a cloud-based learning management system that can be accessed anytime and anywhere
- **GenyoiXL**, a server-based learning management system for schools with limited internet connectivity

✓ ENRICHING

- At the core of the Genyo e-Learning implementation process is a **strong training program**. Our dynamic team of e-learning advocates provides administrators, teachers, students, and parents with specialized training programs throughout the school year.
- To better assist schools manage their e-learning implementation, we have launched our **Genyo e-Learning Virtual Helpdesk** that aims to address the concerns of the teachers regarding the use of the different features in the system and other issues that they may have when using the platform.

✓ RELEVANT

- Genyo e-Learning's ready-made resources for the five core subject areas were **developed following the Department of Education's K-to-12 Curriculum**.
- Genyo e-Learning offers teachers **Diwa's Learning Management Matrix (DLMM)**, a teacher resource that helps you use the platform better by showing you which ready-made resources in Genyo correspond to the Department of Education's Most Essential Learning Competencies (MELC).
- Genyo e-Learning's **ready-made tutorials apply localized examples to the Philippine context**, making the discussion more relevant to learners.

Assessment is a fundamental feedback mechanism in education. It allows all stakeholders involved in the learning process to understand what is being learned and where learning resources need to be focused on.

Before the COVID-19 pandemic, assessments were strongly dependent on students' physical presence. But as the mode of instruction transitioned from face-to-face to remote, schools were obliged to adopt and develop alternative approaches and tools in carrying out the critical function of assessment.

For a growing number of schools in the country, they turned to Checkbox, our gamified online assessment portal that helps students review their lessons and ace their quizzes and examinations.

Diwa 5G Checklist

✓ ENGAGING

- The drills and activities found inside Checkbox are gamified to help students achieve mastery in **Science, Mathematics, English, Filipino, and Araling Panlipunan** while keeping them excited and interested.
- Checkbox has a rich question bank that **contains activities and tests** that are organized per unit and lesson as they appear in **Diwa 5G Textbooks**.
- It creates a productive virtual interaction among learners through the **Checkbox Leaderboard** that determines their ranking in class, at a specific grade level, and in the entire school.

✓ FLEXIBLE

- It provides teachers and students with a **blended learning environment**.
- *For Classroom and Remote Learning:*
 1. It can be used in conducting quizzes and seatworks.
 2. It gives teachers an idea of whether or not their educational objectives are met through the system's capability to **monitor real-time insights on students' performance**.
 3. It helps teachers identify topics and skills which their students are learning progressively, and those with which they still struggle. That way, they may create tailored drills and exercises that are aligned with the learning demands of students.

✓ ACCESSIBLE

- It promotes subject mastery and self-directed learning among students given that Checkbox **can be accessed anytime, anywhere, and on any device**.

✓ ENRICHING

- A **series of teacher and student orientations are conducted** before the start of every school year to help schools maximize Checkbox's usage in learning delivery and assessment.

✓ RELEVANT

- The ready-made drills and activities present in Checkbox are **reviewed by education specialists and consultants** from renowned academic institutions in the country.
- Checkbox **adheres to the minimum requirements of the Department of Education** for Online Distance Learning/Blended Learning.
